REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

With respect to claim 1, the prior art of record does not fairly teach the claimed a plurality of selectable icons each representing a direction substantially normal to a plane parallel to one of the MPR images, using which the user can select an approximate direction to be taken by the curve through the volume data set; and a fourth display area, in which is displayed, after the user has defined at least part of the curve, a curve-related MPR image through the volume data set related to one or more positions along the curve.

With respect to claim 27, the prior art of record does not fairly teach the claimed displaying a plurality of selectable icons each representing a direction substantially normal to a plane parallel to one of the MPR images; allowing a user to select an approximate direction to be taken by the curve through the volume data set by selecting one or more of the icons; allowing a user to define a curve through the volume data set; displaying at least part of the curve in projected format on each of the MPR images; deriving a curve-related MPR image through the volume data set related to one or more positions along the curve; and displaying the curve-related MPR image in the fourth display area.

Art Unit: 2672

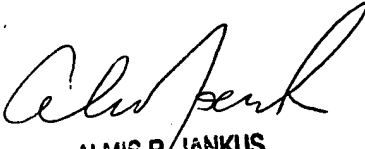

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
